

Business Systems Administrator (Ref: 68/2018)

The Cape Town International Convention Centre (CTICC) is so much more than just another convention centre. An exceptional centre requires exceptional staff and the culture of the CTICC is one of teamwork, recognition, personal accountability, and service excellence. We understand that it is only our people who make us the success we are and, as a result, we make every effort to ensure that we recruit talented, qualified and enthusiastic team players, who are able to embrace our values, fit in with our culture and recognise the value of hard work in a dynamic exciting environment.

The main purpose: To ensure that the organization's business information and application systems are well-maintained and current at all times. To ensure the business intelligence systems are providing accurate and relevant information supporting the business in having the right information which is easily accessible. Required to champion the testing and deployment of new solutions for both clients (upsell) and the business (value add and enhanced service delivery).

Reporting to: ICT Manager
