Cape Town International Convention Centre

PROTECTION ACTIVITIES – INCLUDED IN VENUE HIRE

AS PART OF THE CTICC'S RESPONSE TO THE COVID-19 PANDEMIC, THE CENTRE WILL EXECUTE THE FOLLOWING:

- Before entry, all persons are **required to log onto the online Covid-safe screening app** and complete all fields for contact tracing purposes.
- All events hosted at the CTICC will comply with Government Health Regulations. These regulations form part of the **event permit application process**, which is completed in consultation with the appointed Event Safety Officer.
- All persons **entering the CTICC will be required to wear a facemask**. If an individual does not have a facemask, a disposable facemask will be made available for purchase from the centre.

Hand sanitiser dispensers have been strategically placed in the **centre's public ablution facilities and public areas**. These will be refilled regularly throughout the day and/or event.

Social distancing floor markings at **1.5m** intervals will be placed in areas where queuing is anticipated.

Cleaning and sanitising of all hard surfaces in all public areas and high traffic touchpoints (handrails, escalators, elevators and door handles, etc.) will be increased.

The centre will have **visible communication regarding Hygiene and Safety** precautions and practices throughout the venue.

Pre-packaged meals will replace buffet stations to minimise physical interaction and to optimise existing food safety measures.

- The CTICC will ensure that all staff employed are regularly screened and supplied with the necessary **Personal Protection Equipment (PPE)** to perform their duties.
- Any **additional PPE required** for delegates and/or event organiser will be for the cost of the client.
- To ensure a seamless event experience, delegates will be requested to **arrive at the venue earlier than usual** to allow adequate time for the screening process.
