As a knowledge hub where people meet, collaborate, innovate, and develop solutions, the CTICC's commitment to client centricity, service excellence and sustainability has contributed to the retention of its 5-star tourism rating, as well as the achievement of seven recent industry awards.

Since opening its doors 22 years ago, the Centre has contributed to economic opportunity through its role in hosting business events. It acts as a catalyst for social change, supporting economic growth and job creation in the province and is recognised as an invaluable contributor to the sustainable development of the City of Cape Town, the Western Cape, and South Africa.

The CTICC's business success is sustained through consistent service standards and effective cost management, underpinned by its commitment to tangible and measurable Environmental, Social and Governance (ESG) principles, while delivering high-quality client and guest experiences.

SECTION 3: TAX COMPLIANCE REQUIREMENTS

Bidders must ensure compliance with their tax obligations, and it is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with the South African Revenue Services (SARS) to meet the bidder's tax obligations.

Bidders are required to submit their unique personal identification number (PIN) issued by SARS to enable the CTICC to view the taxpayer's profile and tax status by doing the following:

1. Bidders must complete in full the TCC 0001 form, "Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The Tax Clearance Certificate Requirements are also applicable to foreign bidders/individuals who wish to submit bids. Copies of the TCC 001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on the website www.sars.gov.za. Applications for the Tax Clearance Certificates may also be made via e-Filing. In order to use this provision, taxpayers will need to register with SARS as e-Fileers through the website www.sars.gov.za.
2. SARS will then furnish the bidder with a Tax Clearance Certificate that will be valid for a period of 1 (one) year from the date of approval.
3. The Tax Clearance Certificate must be submitted together with the bid. Failure to submit a valid Tax Clearance Certificate may result in the invalidation of the bid.
4. Alternatively, in terms of the new Tax Compliance Status (TCS) System implemented by SARS on 18 April 2016, taxpayers are now able to issue the CTICC with a TCS Pin which can be used to verify a bidder's tax status online. The service provider shall, on the last calendar day of each month, issue a statement to the CTICC in which the amount owed to the service provider is itemised at an invoice level. Notwithstanding this, the CTICC shall only pay on an invoice as envisaged in C1.2.1.3.9 above and not the statement.

C1.2.1.3.11. Payment terms

Payment terms shall strictly be done in accordance with Section 65(2)(e) of the MFMA 56 of 2003 that state: "all money owing by the municipality be paid within 30 days of receiving the relevant invoice or statement, unless prescribed otherwise for certain categories of expenditure."

C1.2.1.3.12. Assignment of Contracts

- 1) Clause 19 of the General Conditions of Contract (GCC) makes provision for assignment of contract. Clause 19 of the GCC provides that "a supplier (or service provider) shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent". However, the transfer of rights and obligation of the service provider with or without consent of an organ of state is

against the principles of section 217 of the Constitution and is therefore not allowed. National Treasury is currently in the process of reviewing the GCC.

C1.2.1.3.13. Cession of Contracts

- 1) Cession is permissible within the SCM legal prescripts. However, it is important that the application of cession in public procurement is carefully regulated to limit possible instances of abuse through fronting arrangements and similar processes. It is for this reason that the application of cession be limited only to those cession agreements in favour of registered Financial Services Providers (FSP) and state institutions established for the express purpose of providing funding to businesses and entities (State Institution).
- 2) Therefore, cession shall only be applicable as follows:
 - a) Cession must only be applicable to the transfer of right to payment for services rendered by a service provider to an FSP or State Institutions.
 - b) The written request for cession must be by the service provider and not a third party; and
 - c) The written request by the service provider must be accompanied by the cession agreement.

The appointed service provider will among others assist and support the CTICC with drafting the tender bid specifications and scope of work, prepare a presentation for the briefing session and provide technical expertise, and assist with drafting a technical evaluation report during the bid's evaluation process.

C3.1.2 Background

C3.1.2.1 The Cape Town International Convention Centre (CTICC) is a world-class events and conferencing facility that requires efficient, secure, and technologically advanced parking management solutions to support its operational needs and enhance the visitor experience. As the CTICC continues to modernise its infrastructure and align with global best practices, the organisation seeks to transition to a ticketless parking system that integrates seamlessly with existing ICT networks, access control, financial systems, and customer service processes.

C3.1.2.2 Given the complexity and specialised nature of parking technologies—particularly those involving automated access control, cashless payments, security integration, and advanced data reporting—the CTICC requires the support of a suitably qualified consulting service provider with proven expertise in similar systems within South Africa. The consultant will not be responsible for developing the entire tender documentation but will play a crucial supporting and advisory role in ensuring that the resulting specification and evaluation process is technically sound, compliant with relevant ISO/SANS standards, and aligned with the CTICC's operational requirements.
